

Online submission guide for Author

Maximum length of your paper:

- 12 typeset pages for **invited** papers,
- 6 typeset pages for **oral and poster** presentations.

Please follow the instructions ([Guide for the authors](#)), given on the EES web site (<http://ees.elsevier.com/mee/>). Your paper should fulfil all requirements defined there.

Online submission procedure:

- Go to the following web site: <http://ees.elsevier.com/mee/>
- Click on *login*
- Enter your author Username and password
(If you do not have author login in the Elsevier Editorial System, please click on *register now* to create an account)
- Click on *Submit New Manuscript*
- Choose article type: *Special Issue: MAM 2012*
- Follow step by step the submission procedure

After your submission, review and decision process will be managed entirely online using the Elsevier Editorial System (EES).

If you have any questions about the submission procedure, please refer to guide author on the Elsevier web site (<http://ees.elsevier.com/mee/>) or send an email to authorsupport@elsevier.com, or send an email to mam2012@insight-outside.fr

Please note that there are a few new features in Microelectronic Engineering:

1. You are required to propose 5 reviewers outside of your own country and provide expertise and Professional Only e-mails (not yahoo or gmail etc.) for them.
2. You are required to submit a graphical abstract, see: <http://www.elsevier.com/graphicalabstracts> for instructions.
3. You are required to submit Research Highlights, see: www.elsevier.com/highlights for examples.
